Forecast for Wednesday 05 Apr 2023

Weather: Low cloud and rain, heavy at times, across the region on Wednesday morning. Slowly improving from the west into the afternoon, where it will be drier and brighter. Rain clearing the east by mid to late afternoon. Mostly dry with some clear spells into the evening but perhaps also the odd shower.

Chance of cloud-free hill tops above 800m: 20% during the morning and first part of the afternoon, improving to 50% later.

Low Cloud and visibility: Widespread low cloud, base 300-600m, and moderate visibility in association with the rain. Scattered low cloud lingering behind.
